

P2MM: PRINCE2 Maturity Model

Maturity levels	Level 5 – Optimized process	<h1>PRINCE2</h1>						
	Level 4 – managed							
	Level 3 – Defined process							
	Level 2 – Repeatable process							
	Level 1 – Awareness of process							
Process perspectives	Management Control	Benefits Management	Financial Management	Stakeholder Engagement	Risk Management	Organizational Governance	Resource Management	
Key focus	Verifying that projects progress as planned and within their authority	Ensuring/ providing our projects are/were worthwhile doing in the eyes of the stakeholders	Getting and managing the money to do it	Involving those who care and those who need to care	Managing uncertainty	Why we want to do what projects	Making sure we have the capacity to deliver	

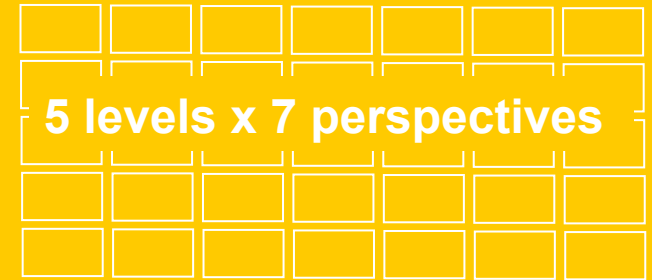

P2MM (PRINCE2 Maturity Model) is a standard which provide a framework with which organizations can assess their current adoption of PRINCE2 and put in place improvement plans, P2MM is derived from P3M3.
